06. customisation

sculpted design

With its assertive silhouette, muscular shoulders, 100% LED brand light and 19-inch wheel rims*, the athletic power of the Renault Koleos will win you over from the first glance.

Air intake trim and chrome-plated grey door pillar for a distinctive style.

* 19 inch wheel rim only available on Techno

new vision of comfort

The passenger compartment's finish is meticulous, right down to the smallest details: the dashboard and the padded materials on the door trims.

In the front, the seats are electrically adjustable, heated and ventilated*.

* heated/ventilated seats only available on Techno

dominate all types of terrain

Go off the beaten track with all mode 4x4-i technology. Switch from 4x2 to 4x4 in the blink of an eye and discover its amazing off-road capabilities. Your vehicle will maintain perfect grip whatever the circumstances due to the optimal distribution of torque between the front and rear wheels.

With its 170 hp horsepower, top-level driving pleasure and its 4x4 mode, the 2.5 L X-Tronic all mode 4x4-i engine is the perfect companion for your on- and off-road adventures. The qualities of its 4x2 version will also win you over.

four-wheel drive technology

Discover hill descent control technology, which will help you secure your route when driving down a slope. The vehicle automatically adapts its speed depending on the slope.

03. interior space

made easy

Your passengers will enjoy generous space and a reclining bench seat that's ideal for long journeys.

Renault Koleos makes everyday life easier. Have you got your hands full? To open the boot, place your foot underneath the rear bumper.

configure and order →

technology is on your side

In the cockpit, you'll find a vertical, high-resolution 8.7" touch screen on the central console. A true on-board computer, it gives you access to navigation services and multi-sense technology.

3D navigation interface on 8.7" central screen

Use the R-link 2 system to find your favourite applications thanks to Android Auto™ or Apple CarPlay™ compatibility. Lastly, you can easily recharge your smartphone with the wireless charger*.

05. advanced driving assistance systems

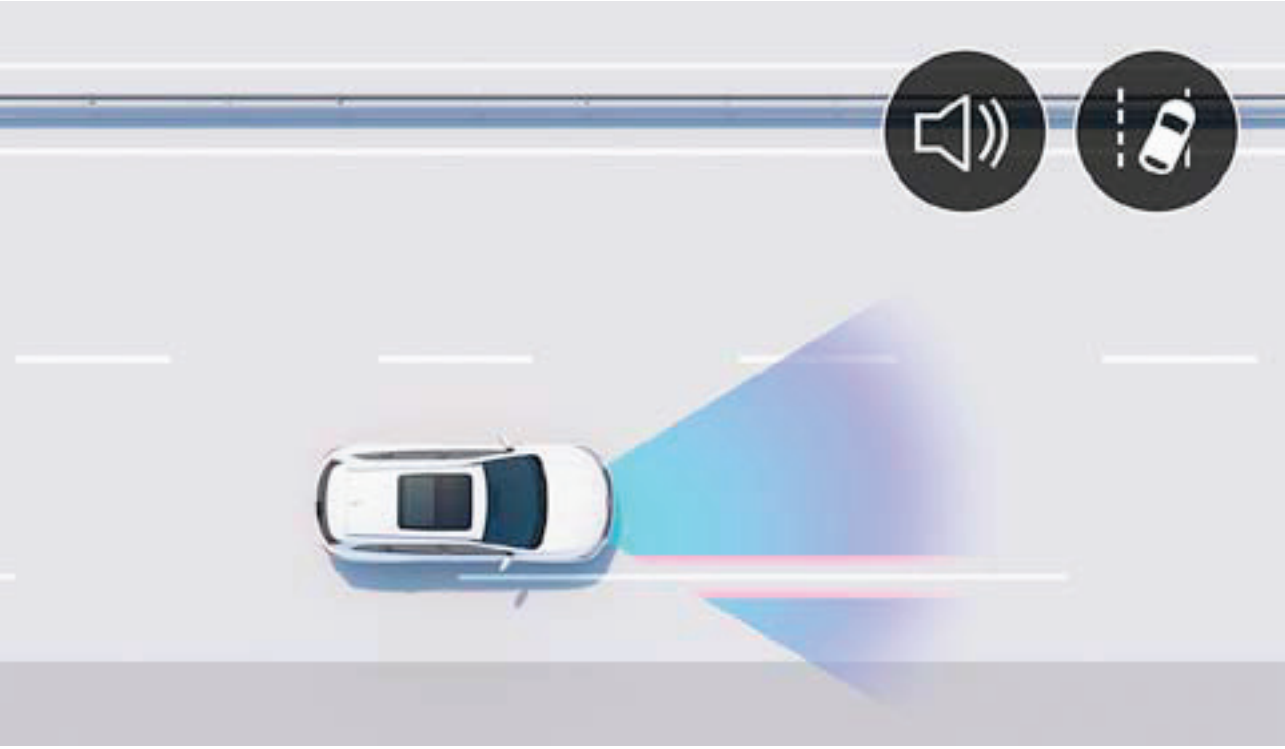

7 advanced driver-assistance systems

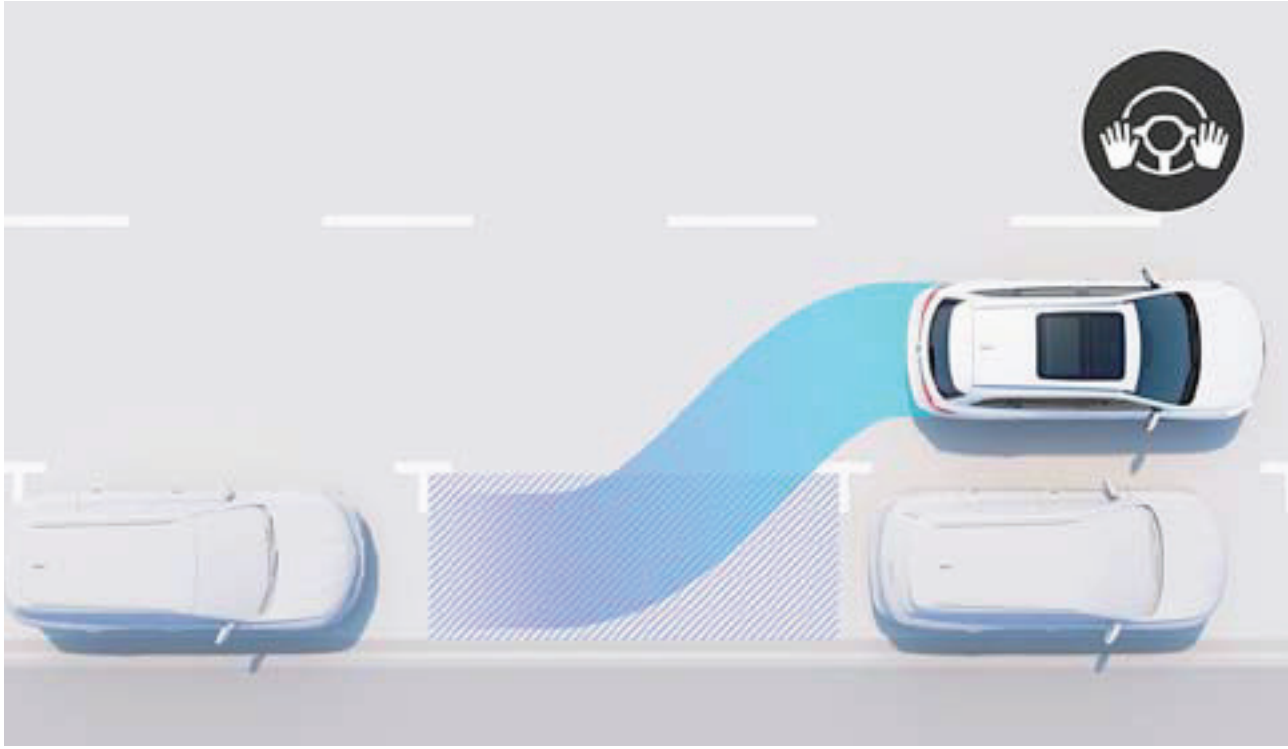

blind spot warning*
Enabled at speeds over 15 km/h, this system uses warning lights to alert you to the presence of vehicles that are not visible in your field of vision.

automatic main beam/dipped headlight activation
This system works using a camera positioned at the top of the windscreen. The camera analyses the light flows based on lighting and traffic conditions.

lane departure warning
The system lets the driver know if they unintentionally cross any solid or broken lines, using a camera located on the windscreen, behind the rear-view mirror.

hands-free parking*
This system makes it easier to park. Steering and finding a parking spot are both handled by your vehicle. The only thing you need to manage is your speed.

safety assistance systems

- reversing camera (RRCAM)
- parking sensors
- front parking sensors*

* blind spot warning, hands free parking and front parking sensors only available on Techno

accessories

quickfix roof locker and roof bars
This attractive black embossed locker with 480 litres of space increases the load volume of your vehicle. It can be transported using our aluminium roof bars. No need to worry: these can carry up to 80 kg of load without effort.

rear sport kit
At the front and the rear, the sport kits redesign your Renault Koleos bumpers, adding an extra touch of fierceness.

premium sidesteps
Highlight the design of your Renault Koleos' lines with premium sidesteps. These practical sidesteps make it easier to access your vehicle and its roof. They also protect the body from everyday minor impacts.

electric retractable towbar
Take your mountain bikes on a weekend getaway or tow a trailer, thanks to the electric retractable towbar. When not in use, it folds away out of sight with a simple push of a button in the boot, thus preserving the design of your Renault Koleos.

adaptable easyflex protection
This non-slip and waterproof system is essential for protecting your vehicle's boot and carrying bulky or dirty loads. It folds and unfolds very easily, adapting to the position of the rear seats.

(1) Fuel consumption and CO₂ emissions are certified using a standard, regulated method. This method is identical for all manufacturers and enables vehicles to be compared. (2) WLTP (Worldwide Harmonised Light Vehicle Test Procedures): this new protocol provides results much closer to those found in daily use compared to the NEDC protocol. (3) actual fuel and AdBlue® consumption depends on vehicle use, equipment, the user's driving style and load. (4) the payload indicated is for the lowest equipment level.
